

## 2021 New MeSH Headings by Subcategory

### **A01 Body Regions**

*No new headings*

### **A02 Musculoskeletal System**

Vertebral Body

### **A03 Digestive System**

*No new headings*

### **A04 Respiratory System**

No new headings

### **A05 Urogenital System**

No new headings

### **A06 Endocrine System**

Sympathoadrenal System

### **A07 Cardiovascular System**

*No new headings*

### **A08 Nervous System**

Default Mode Network

Sympathoadrenal System

Uncinate Fasciculus

### **A09 Sense Organs**

*No new headings*

### **A10 Tissues**

*No new headings*

### **A11 Cells**

HaCaT Cells

T Follicular Helper Cells

Tumor-Associated Macrophages

Viral Replication Compartments

## 2021 New MeSH Headings by Subcategory

### **A12 Fluids and Secretions**

*No new headings*

### **A13 Animal Structures**

*No new headings*

### **A14 Stomatognathic System**

*No new headings*

### **A15 Hemic and Immune Systems**

T Follicular Helper Cells

Tumor-Associated Macrophages

### **A16 Embryonic Structures**

*No new headings*

### **A17 Integumentary System**

*No new headings*

### **A18 Plant Structures**

*No new headings*

### **A19 Fungal Structures**

*No new headings*

### **A20 Bacterial Structures**

*No new headings*

### **A21 Viral Structures**

Viral Envelope

## 2021 New MeSH Headings by Subcategory

### **B01 Eukaryota**

Amblyomma	Aureobasidium	Auricularia
Batrachochytrium	Bipolaris	Calliphoridae
Carnivorous Plant	Ceratocystis	Cercospora
Chilopoda	Curvularia	Erysiphe
Fonsecaea	Fungal Genus Humicola	Fungal Genus Venturia
Hericium	Inonotus	Leptosphaeria
Mycosphaerella	Pangolins	Pestalotiopsis
Phellinus	Phoma	Phomopsis
Puccinia	Rhizopus oryzae	Service Animals
Therapy Animals	Toona	Working Dogs

### **B02 Archaea**

*No new headings*

### **B03 Bacteria**

Actinomadura	Akkermansia	Amycolatopsis
Aquifex	Caldicellulosiruptor	Clavibacter
Clostridioides	Dehalococcoides	Dermatophilus
Dickeya	Exiguobacterium	Liberibacter
Lyngbya	Mediterranea	Microbacterium
Neglecta	Nocardioides	Nocardiopsis
Orientia	Pannus	Phormidium
Planktothrix	Pseudonocardia	Rappaport
Renibacterium	Sorangium	Tannerella
Thermobifida	Thermomonospora	Thermosynechococcus
Thermotoga	Vancomycin-Resistant Staphylococcus aureus	Xylophilus

### **B04 Viruses**

Deltacoronavirus	Double Stranded RNA Viruses	Negative-Sense RNA Viruses
Pegivirus	Positive-Strand RNA Viruses	SARS-CoV-2

### **B05 Organism Forms**

*No new headings*

## 2021 New MeSH Headings by Subcategory

### **C01 Infections**

Bacterial Zoonoses	Blood-Borne Infections	COVID-19
Latent Infection	Severe Fever with Thrombocytopenia Syndrome	Tinea cruris
Viral Zoonoses		

### **C04 Neoplasms**

Cardiac Papillary Fibroelastoma	Colitis-Associated Neoplasms	Mesothelioma, Malignant
Warburg Effect, Oncologic		

### **C05 Musculoskeletal Diseases**

Autosomal Emery-Dreifuss Muscular Dystrophy	Chronic Exertional Compartment Syndrome	Developmental Dysplasia of the Hip
X-Linked Emery-Dreifuss Muscular Dystrophy		

### **C06 Digestive System Diseases**

Colitis-Associated Neoplasms

### **C07 Stomatognathic Diseases**

Kimura Disease

### **C08 Respiratory Tract Diseases**

COVID-19	Mesothelioma, Malignant
----------	-------------------------

### **C09 Otorhinolaryngologic Diseases**

Semicircular Canal Dehiscence

### **C10 Nervous System Diseases**

Anosmia	Autosomal Emery-Dreifuss Muscular Dystrophy	Cerebral Cortical Thinning
Embolic Stroke	Hemorrhagic Stroke	Ischemic Stroke
Mania	Thrombotic Stroke	X-Linked Emery-Dreifuss Muscular Dystrophy

### **C11 Eye Diseases**

No new headings

## 2021 New MeSH Headings by Subcategory

### **C12 Male Urogenital Diseases**

*No new headings*

### **C13 Female Urogenital Diseases and Pregnancy Complications**

Ovarian Torsion

### **C14 Cardiovascular Diseases**

Aortic Valve Disease	Aortico-Ventricular Tunnel	Bicuspid Aortic Valve Disease
Cardiac Papillary Fibroelastoma	Chronic Exertional Compartment Syndrome	Embolic Stroke
Hemorrhagic Stroke	Ischemic Stroke	Persistent Left Superior Vena Cava
Popliteal Artery Entrapment Syndrome	Quadricuspid Aortic Valve	Thrombotic Stroke

### **C15 Hemic and Lymphatic Diseases**

Kimura Disease

### **C16 Congenital, Hereditary, and Neonatal Diseases and Abnormalities**

Aortico-Ventricular Tunnel	Autosomal Emery-Dreifuss Muscular Dystrophy	Bicuspid Aortic Valve Disease
Developmental Dysplasia of the Hip	Laminopathies	Persistent Left Superior Vena Cava
Quadricuspid Aortic Valve	X-Linked Emery-Dreifuss Muscular Dystrophy	

### **C17 Skin and Connective Tissue Diseases**

Tinea cruris

### **C18 Nutritional and Metabolic Diseases**

Hyperferritinemia

### **C19 Endocrine System Diseases**

Ovarian Torsion

### **C20 Immune System Diseases**

*No new headings*

## 2021 New MeSH Headings by Subcategory

### **C21 Disorders of Environmental Origin**

*No new headings*

### **C22 Animal Diseases**

Bacterial Zoonoses

Viral Zoonoses

### **C23 Pathological Conditions, Signs and Symptoms**

Anosmia

Blood-Borne Infections

Cerebral Cortical Thinning

Hyperthermia

Internal Hernia

Mania

Ovarian Torsion

Paraduodenal Hernia

Reinfection

Rhinorrhea

Warburg Effect, Oncologic

### **C24 Occupational Diseases**

*No new headings*

### **C25 Chemically-Induced Disorders**

Chemotherapy-Related Cognitive  
Impairment

Opiate Overdose

### **C26 Wounds and Injuries**

Hyperthermia

Reinjuries

### **D01 Inorganic Chemicals**

*No new headings*

### **D02 Organic Chemicals**

Retinyl Esters

### **D03 Heterocyclic Compounds**

*No new headings*

### **D04 Polycyclic Compounds**

*No new headings*

## 2021 New MeSH Headings by Subcategory

### **D05 Macromolecular Substances**

Mitochondrial Permeability Transition Pore	Molecularly Imprinted Polymers	Resistant Starch
Rhamnogalacturonans		

### **D06 Hormones, Hormone Substitutes, and Hormone Antagonists**

*No new headings*

### **D08 Enzymes and Coenzymes**

3C Viral Proteases	ADP-Ribose 1"-Phosphate Phosphatases	Angiotensin-Converting Enzyme 2
Coronavirus 3C Proteases	Coronavirus Papain-Like Proteases	Coronavirus RNA-Dependent RNA Polymerase
Prolyl Oligopeptidases	Sestrins	Uridylate-Specific Endoribonucleases
Viral Papain-like Proteases	Viral Proteases	Viral Replicase Complex Proteins

### **D09 Carbohydrates**

Resistant Starch	Rhamnogalacturonans
------------------	---------------------

### **D10 Lipids**

*No new headings*

### **D12 Amino Acids, Peptides, and Proteins**

3C Viral Proteases	Bacteriophage Receptors	Coronavirus 3C Proteases
Coronavirus Envelope Proteins	Coronavirus M Proteins	Coronavirus Nucleocapsid Proteins
Coronavirus Papain-Like Proteases	Coronavirus RNA-Dependent RNA Polymerase	Immune Checkpoint Proteins
Mitochondrial Permeability Transition Pore	Receptors, Coronavirus	Viral Papain-like Proteases
Viral Proteases	Viral Replicase Complex Proteins	Viroporin Proteins

### **D13 Nucleic Acids, Nucleotides, and Nucleosides**

*No new headings*

### **D20 Complex Mixtures**

COVID-19 Vaccines	Rhamnogalacturonans
-------------------	---------------------

## 2021 New MeSH Headings by Subcategory

### **D23 Biological Factors**

Bacillus thuringiensis Toxins      Immune Checkpoint Proteins      Masked Mycotoxins  
Retinyl Esters

### **D25 Biomedical and Dental Materials**

Molecularly Imprinted Polymers

### **D26 Pharmaceutical Preparations**

*No new headings*

### **D27 Chemical Actions and Uses**

Coronavirus Protease Inhibitors      Immune Checkpoint Inhibitors      Mast Cell Stabilizers  
Persistent Organic Pollutants      Viral Protease Inhibitors

### **E01 Diagnosis**

Brain Cortical Thickness      COVID-19 Nucleic Acid Testing      COVID-19 Serological Testing  
COVID-19 Testing      Clinical Reasoning      Eye-Tracking Technology  
HIV Testing      Laser Speckle Contrast Imaging

### **E02 Therapeutics**

Drug Tapering      Glycemic Control      Hyperthermic Intraperitoneal  
Chemotherapy  
Nasoalveolar Molding      Opiate Overdose      Photothermal Therapy  
Preoperative Exercise      Self-Testing      Spray Drying  
Treatment Switching

### **E03 Anesthesia and Analgesia**

*No new headings*

### **E04 Surgical Procedures, Operative**

Nasoalveolar Molding      Preoperative Exercise

## 2021 New MeSH Headings by Subcategory

### **E05 Investigative Techniques**

Analytic Hierarchy Process	Automated Facial Recognition	Brain Cortical Thickness
COVID-19 Nucleic Acid Testing	COVID-19 Serological Testing	COVID-19 Testing
Cardiometabolic Risk Factors	Diagnostic Reference Levels	HIV Testing
Health Belief Model	Heart Disease Risk Factors	Hyperspectral Imaging
Laser Speckle Contrast Imaging	Mechanical Tests	Mediation Analysis
Models, Biopsychosocial	Multidimensional Scaling Analysis	Sanitary Surveys, Water Supply
Spray Drying	Transtheoretical Model	Treatment Switching
User-Centered Design		

### **E06 Dentistry**

*No new headings*

### **E07 Equipment and Supplies**

N95 Respirators	Surgical Navigation Systems
-----------------	-----------------------------

### **F01 Behavior and Behavior Mechanisms**

Betrayal	Caregiver Burden	Compulsive Exercise
Dentist's Role	Financial Stress	Gender Equity
Gender Role	Human-Animal Interaction	Internet Addiction Disorder
Mania	Psychosocial Functioning	Recreational Drug Use
Social Comparison	Social Defeat	Social Evolution
Social Inclusion	Social Interaction	Test Anxiety

### **F02 Psychological Phenomena**

Elevated Plus Maze Test	Identity Recognition	Morris Water Maze Test
Open Field Test	Sexual Arousal	Social Cognition
Timbre Perception	Voice Recognition	

### **F03 Mental Disorders**

Chemotherapy-Related Cognitive Impairment	Opiate Overdose	Sexual Trauma
---	-----------------	---------------

### **F04 Behavioral Disciplines and Activities**

Logotherapy	Psychosocial Functioning	Psychosocial Intervention
Schema Therapy		

## 2021 New MeSH Headings by Subcategory

### **G11 Musculoskeletal and Neural Physiological Phenomena**

Marathon Running                      Preoperative Exercise                      Sexual Arousal  
Skeletal Muscle Enlargement

### **G12 Immune System Phenomena**

*No new headings*

### **G13 Integumentary System Physiological Phenomena**

*No new headings*

### **G14 Ocular Physiological Phenomena**

*No new headings*

### **G15 Plant Physiological Phenomena**

Crassulacean Acid Metabolism                      Phytoplasma Disease                      Plant Defense Against Herbivory  
Plant Necrosis and Chlorosis

### **G16 Biological Phenomena**

Host Adaptation                      Soil Erosion                      Virome

### **G17 Mathematical Concepts**

*No new headings*

### **H01 Natural Science Disciplines**

Digital Technology                      Imaging Genomics                      Radiation Genomics

### **H02 Health Occupations**

Developmental Disability Nursing                      Imaging Genomics                      Radiation Genomics  
Trauma Nursing

### **I01 Social Sciences**

Deportation                      Economic Factors                      Emotional Abuse  
Freedom of Movement                      Freedom of Religion                      Gender Equity  
Military Deployment                      Pseudoscience                      Social Factors  
Social Network Analysis                      Workhouses

## 2021 New MeSH Headings by Subcategory

### **I02 Education**

Interprofessional Education                      Return to School

### **I03 Human Activities**

Compulsive Exercise                      Marathon Running                      Military Deployment  
Preoperative Exercise                      Self-Testing                      Team Sports  
Tourism

### **J01 Technology, Industry, and Agriculture**

Digital Technology                      Food Deserts                      Food Insecurity  
Food Security                      Magnetic Iron Oxide Nanoparticles                      Molecularly Imprinted Polymers  
N95 Respirators                      Supermarkets                      User-Centered Design

### **J02 Food and Beverages**

Food Deserts                      Resistant Starch                      Sustenance  
Water Insecurity

### **J03 Non-Medical Public and Private Facilities**

Correctional Facilities                      Jails                      Waiting Rooms  
Workhouses

### **K01 Humanities**

*No new headings*

### **L01 Information Science**

Analytic Hierarchy Process                      Internet Use                      User-Centered Design

### **M01 Persons**

American Natives                      Indigenous Canadians                      Metal Workers  
Psychotherapists

### **N01 Population Characteristics**

Teleworking

## 2021 New MeSH Headings by Subcategory

### **N02 Health Care Facilities, Manpower, and Services**

Developmental Disability Nursing	Functional Status	Nasoalveolar Molding
Preoperative Exercise	Quick Diagnosis Units	Trauma Nursing
Waiting Rooms		

### **N03 Health Care Economics and Organizations**

High Reliability Organizations	Induced Demand	Routinely Collected Health Data
--------------------------------	----------------	---------------------------------

### **N04 Health Services Administration**

Automated Facial Recognition	Practice Patterns, Pharmacists'	Teleworking
------------------------------	---------------------------------	-------------

### **N05 Health Care Quality, Access, and Evaluation**

Cardiometabolic Risk Factors	Heart Disease Risk Factors	Mediation Analysis
Multidimensional Scaling Analysis	Practice Patterns, Pharmacists'	Routinely Collected Health Data
Treatment Switching		

### **N06 Environment and Public Health**

Cardiometabolic Risk Factors	Chain of Infection	Diagnostic Reference Levels
Disease Hotspot	Functional Status	Heart Disease Risk Factors
Mediation Analysis	Multidimensional Scaling Analysis	Physical Distancing
Psychosocial Functioning	Sanitary Surveys, Water Supply	Treatment Switching
Virome		

### **V01 Publication Components**

*No new headings*

### **V02 Publication Formats**

*No new headings*

### **V03 Study Characteristics**

*No new headings*

### **V04 Support of Research**

*No new headings*

## 2021 New MeSH Headings by Subcategory

### **Z01 Geographic Locations**

*No new headings*
